Editorial

Dear IMA'ns,

Namaskar

The month stood a best example for problems with plenty. I may even narrate it as flooding of everything... "A frenetic flood month"

India is now flooded with make in India products, but these in plenty have no market. Adding to it, the tax – terrorism, prosecution philosophy has got the GDP to its lowest in the past six years and economy has crippled. India now seems to be a merging economy rather than an emerging economy.

The special status to Kashmir, by virtue of Article 370 and Annexure to 35, which made it Kashmir Kingdom, was abolished because of plenty of terrorist activities and curfews. Kashmir lost its Riyasat - Kashmiriyast.

We had plenty of politicians who aspired for power in the previous coalition government of Karnataka state. The rebel politicians made the government ride a rollercoaster and the government collapsed in Karnataka. The new government has come into existence with the change of guard. The solo doctor in the cabinet seems to be intelligent by not taking (or by not being given) the medical / Health portfolio. Good for him, bad for the Department and the profession.

We had Bogey of Bundhs to oppose NMC, almost 20 in a month, and nobody bothered. NMC is enacted. The buck stops there and NMC is here to stay. With NMC, we will have too much governance on doctors by too many governing board members who will make doctor – patient relationship suffer still more. This will be the story of too many cooks. Imagine what happens to the broth called health with too many such cooks. What is the way ahead? Moderation and modification of mindset should be the mantra for a peaceful practice. Plenty of patients bring in plenty of problems. Its better we refrain from number game and count the needy. It's not bad to have good numbers but what is essential is to be numbered good. It's high time we change our sentiments and make our profession a practice, not life!

We have plenty of free health schemes by the government, which has provided for too many unwanted admissions and many more unnecessary surgeries. As a result, the Ayush of the needy patient is suffering when he is really sick. Then, there are some eternal problems for the profession on account of being plenty in terms of information, technology and easy living. Plenty of information available and accessible by our patients -Google Gyaan is eating up our patience. Too many available investigations and consultants are making patients and their purse suffer more. This in turn is creating more confusions and doubts in patient's mind on the doctor and the profession. Too many advances in the technology has made human touch in healing suffer. We have too many suvidhas to make our modern lives easy and sedentary, which has yielded us many life style diseases. We have too much to eat which has given us a number of non communicable diseases. We have destroyed nature in plenty to get many communicable diseases and cancers.

Top in the list for the month was, the plenty of rains we received when the state was cribbing about the draught. The furious floods washed out all that was needed. We are not aliens to floods and natural calamities, but it is our unprepared ness which creates the

havoc. We have not yet learnt the lessons nature seems to teach us year after year. We rush to flood affected areas with all the relief aid and create flooding of relief material all around. This was evident when we heard the media modestly announce not to get any more relief materials and saw many essential relief materials thrown on streets. It is the lack of proper administration which leads to such state and we as doctors should admit that we are not trained administrators. We are created and molded to heal one to one and do not fare well in fairs. Nevertheless, it's noble to help a fellow in distress and applaud our IMA members who were there to help the flood victims.

The plenty seem to haunt us further on by the cabinet's announcement sanctioning 75 more medical colleges in the country. Knowing the pathetic learning conditions in the huge number of medical colleges at present, it's a pitiable decision which is paving for increasing the quantity rather than the quality. I'm sure my generation would think twice to get treated by the generation next graduate from such medical colleges!

It's a coincidence that the present issue of focus has plenty of pages for you to go through, as we had to incorporate the proposed amendments to memorandum, rules and bye-laws of IMA KSB. Hopefully, your attention span remains alert to enjoy it.

Before it becomes too much a sage's advice, I will be concluding my editorial notes in the next issue. Thank you all for the patience you have rendered in reading my lines.

YOUR SUGGESTIONS ARE OUR STRENGTH.

LONG LIVE IMA.

- Dr Vani Kori

President's Desk

My Dear IMA family members,

Namaskar and warm greetings of Gowri Ganesha festival.

In the month of August, it was highly painful for all of us to witness the pains of natural disaster of flood following heavy rains especially in the districts of North Karnataka.

Hats off to all our IMA branches which have done exemplary, commendable and humanitarian service to the flood victims; and many have magnanimously donated flood relief materials, food, water and money. I sincerely thank all the IMA members who vehemently participated in the flood relief work just at the simple appeal from IMA-KSB.

Because of pathetic flood situation in Karnataka I could not visit many branches, but only two - Davangere and Haveri, and could infuse IMA energy at the grass root level.

On the third of August 2019, when I attended the inauguration of National conference of FPAI held at IISC Bengaluru, I voiced the voice of IMA and family physicians, and made a strong appeal to the Honourable VC of RGUHS to take necessary steps to create a chair for the Department of Family Medicine in RGUHS and start PG courses in Family Medicine in all the Medical Colleges. I reiterated the same thing in the recent Syndicate Meeting of RGUHS, as the University Board of Studies had also recommended the same. There is seldom entry of Family Physicians in the community in the recent past. Unless we nurture and cherish the institution of family medicine, it will perish. We need to empower the MBBS doctors by various skill development training programs. Family Physicians are the back bone of cost effective scientific healthcare delivery system. The place of modern medicine Family Physicians is already being occupied by quacks and practitioners of other systems of medicine and ultimately the innocent public will be suffering the hazards of quackery and crosspathy.

Further, August month witnessed a historic setback for IMA's fight against NMC Bill which became an Act by getting passed in both houses of Parliament. In spite of our sensitisation programs and protest against the Bill since 2016, we could not achieve much in our demands.

In spite of some eye wash modifications in some sections of the Bill, the NMC Act is undigestible and unacceptable by the IMA; specially 'Section 32' - which will open floodgates for licensing 3.5 lakhs of legalised quacks in a way to "KILL" and 'Section 50' - which paves way for crosspathy. After a decade or two, all the new MBBS doctors will be practicing hybrid variety of integrated medicine, putting an end to pure modern medicine practice as we know today.

Tampering of autonomy of medical profession, poking by intellectuals outside the medical community, overriding of the patient care and safety by the issues of public health accessibility, affordability and availability, violation of democratic norms and federalism; all these factors in the NMC Act pose a threat to the health of our mothers and children.

The post NMC Act meet held at Trivandrum by IMA HQ, expressed discontent, dissatisfaction and anger over the Act. It was told by IMA HQ to continue sensitisation of our members, medicos and the public regarding the hazards of the NMC Act and continue to exert pressure on the Government. The option of approaching the Court was also thought.

Probably we failed in our struggle by inadequate convincing and involvement of medical students in our endeavour.

It is said only 3-5 % of the Indian population participated in the freedom struggle; so also, even a small number of IMA members can achieve a lot by our sincere efforts.

The recent incident of assault on IMA members of Badami town is regretful. IMA-KSB shall extend all possible help and support to punish the culprits.

Stay united. Unity is our strength..

Let us stay united.

Long Live IMA

Dr Annadani M Meti

President

Secretary's Desk

Dear IMA members

Greetings from IMA -KSB

I have to thank all my beloved friends for their involvement in fighting against NMC all over Karnataka.

As you know, in spite of our opposition, the NMC bill got passed in both the houses. It's very unfortunate. Everyone is aware of IMA HQ call all over India to close all essential services last month, but because of flood situation it was postponed.

It is highly regretful to hear about the flood situation specially in the northern part of Karnataka.

We appeal to all the local IMA branches to call an emergency meeting, make a list of volunteer doctors, collect medicine samples, visit the nearby flood affected areas/camps, address the health issues, inform the public about the importance of safe drinking water, hygiene and cautiousness regarding the possibility of outbreak of GI infections.

A team of volunteer doctors from IMA Local branches all over north Karnataka were ready to serve with medicines in flood hit areas. As per the IMA KSB observations, every one involved worked very effectively day and night by leaving their routine practice. It is very appreciable and IMA KSB salutes all local branch IMA members for the gesture they showed towards humanity.

Dear friends, I think it's very unfortunate for medical fraternity to have the draconian NMC act. It will be very difficult for our future generations to survive. I request all our members to register for IMA state conference at Chamaraj Nagar and encourage the organizers. I request you all to participate and involve actively in scientific programs of our state conference.

We appeal to you to request your friends to become IMA members so that our strength will increase. It is good to adopt KPPS, Social security scheme, and health schemes to utilise all the benefits for your self and your family's safety. Once again, I thank all my IMA friends for your cooperation in our strike against NMC. IMA KSB requests all IMA members to attend GBM during state conference at Chamaraj Nagar as very important amendments are being proposed.

Kindly involve yourselves in the discussions to see that all the amendments will be cleared.

Jai Hind. Jai IMA.

Welcome Note

Greetings from IMA Chamarajanagara, we the members and office bearers of IMA Chamarajanagara along with staff of CIMS Chamarajanagara extend our warm greetings to you. Chamarajanagara being the southernmost district of Karnataka, which was formed in 1997 being carved out from mother district Mysore, it is bounded by river Kabini and Cauvery on one side and the Niligiri forest range separating it from Kerala and Tamilnadu on the other side. Our district has rich cultural heritage spanning from Gorukana of tribes of BR Hills, Kamsale of MM Hills, & Goravarakunitha dance of the Manteswamy lineage.

Chamarajanagar district is also rich in biodiversity comprising of Bandipura, BR Hills, MM Hills, Gopalaswamy betta. Our district is blessed by Chamarajeshwara in the city center and Madhyaranga in North, Biligiri Ranganatha Swamy in South, Maleyamahadeshwara in east our district also has blessings of Siddappaji of Chikkalur and Buddhist temple of Wodeyarapalya. Renowned tourist attractions like Bharachukki falls and Hogenakal falls are also part of our district.

IMA Chamarajanagara was formed in 1980 by Dr. Madavan with 10 members. Today we are a family 85 and we here by take pride and privilege to host the 85th MEDICON 2019 in Chamarajanagara, which is the first state level conference conducted here. We have distinguished speakers and doyens in the field of medicine across the state to share their expertise and knowledge with us. We promise to deliver you the a feast of knowledge, experience and cultural extravaganza to all.

To:

The Presidents / Hon. Secretaries,
Local Branches of IMA in Karnataka State

Dear sir,

Sub: Revised HFC From 01.04.2019 to 30.03.2022 Reg.
Ref: IMA/HFC/C/(4)/1439 Dated February 12, 2019.

As per decision during the 220th Central Working Committee of IMA Hqrs., held on 17-18 of November 2018 at Indore, Madhya Pradesh, 842nd State Working Committee Meeting of IMA Karnataka State Branch held on 5th May 2019 at IMA House, Bengaluru and 293rd State Council meeting of IMA Karnataka State Branch held on 16th June 2019 at IMA House, Kalburgi (Gulbarga) it was decided about the life membership fee, hence for the New fee of single life member is Rs.11,000/- and for couple Life member is Rs. 16,500/-. This shall be effective from 1st April 2019 to March 2022.

The details of Membership fee as under:-

For Single Life Member Rs.11,000/-

For Couple Life Member Rs.16,500/-

PS: For Local Branch Share, it can be collected by local branches as per their Executive Committee/General Body decision and based on their Activities.

All the Office bearers of Local Branches are requested to send two copies of KMC registration certificate and two passport size photographs of those who are enrolling as member, as it has to be sent to IMA Headquarters along with the HFC.

Thanking you,
Yours sincerely,

Dr ANNADANI M. METI
President,
